

Time Technology presents

*intempo*₂

the ultimate bridge clock

Bridge is a timed event! Don't make the Director the bad guy. A clock can help everyone, but it needs the right features. *intempo*₂ offers all the basics and much more, at an affordable price.

- Visible** The large, bright display is clearly visible from **150 feet** away. Both the **round number** and **time remaining** are displayed and easy to distinguish.
- Audible** *intempo*₂ sounds a 2-minute warning and end-of-round signals. The volume is easily adjustable.
- Simple** A few simple instructions are all it takes to use *intempo*₂. The game setup takes only **seconds**; *intempo*₂ then runs the game **automatically**.
- Flexible** *intempo*₂ is ideal for tournaments because it's so easy to set up for **any form of the game** - Pairs, Swiss Teams, Board-A-Match or Knockout.
- Mobile** Packaged in an attractive and rugged metal cabinet, *intempo*₂ is **light** and **easy to position** for maximum visibility. It is operated with a **convenient remote control** and can be used **freestanding** or **wall-mounted**.
- Reliable** **No maintenance** is required. We provide a **2-year warranty** on workmanship & materials, but you won't need to use it. We pride ourselves in our customer service.

Customers for *intempo*₂ include the ACBL and many Districts, Units and Clubs. A list of customers and references is available upon request.
